This project was funded by the Massachusetts Department of Elementary and Secondary Education, Office of Nutrition, Health and Safety. This training program conveys broad guidelines on how to operate equipment safely and is offered for general educational purposes only. The equipment you use at your worksite may be different. Check all operating manuals for your equipment and follow the manufacturer's instructions to ensure proper operating and cleaning. The equipment used in these trainings is for demonstration purposes only and does not constitute an endorsement of a particular brand. The University of Massachusetts assumes no liability for any injury or accident occurring to any individual who has viewed the educational video and/or read the fact sheets. 2008
